Web of Science™

The Ministry of Education and Science of the Republic of Serbia financially supported the publication of Volume 53, No 1 of this Journal. This support is gratefully acknowledged.

Printed by:
"PLANETA print", Ruzveltova 10, 11000 Belgrade

Aims and Scope:

The journal FME Transactions publishes original scientific, double-blind peer-review papers (reviewing and contributed papers) from all fields of Mechanical Engineering, which is, as a branch of Engineering, considered in the journal in its broadest possible sense. Thus, the articles are welcome from Applied Mechanics, Fluids Engineering, Thermodynamics, Heat, and Mass Transfer, Robotics, Material Science, Tribology, Combustion, Mechanical Design, Machine Dynamics, Production, Industrial, Agricultural, Aerospace, Processing, Railway, Biomedical and Control Engineering, Mechanization, Hydro- and Thermopower Systems, Internal Combustion Engines and Vehicle Dynamics, Energy Resources Technology, Military Technology, Naval Architecture, Applied and Industrial Mathematics, etc.

Theoretical, experimental, and computational analyses of various problems of Mechanical Engineering are equally welcome and acceptable for publication. In addition, there will be published book reviews and, in special issues, selected papers from symposia organized by the Faculty of Mechanical Engineering in Belgrade.

Reviewing papers will be published by invitation only. One volume consists of four numbers.

Instructions for Authors:

An FME Transaction manuscript should be written clearly and concisely in correct English, with assumptions clearly identified, with precise logic, with relevance to the practice described, and with actual accomplishments of the work plainly stated and honestly appraised.

Usually, the length of a reviewing paper is up to 25 pages, and the length of a contributed article is up to 15 pages. All papers are subject to a reviewing process. During the process, the names of referees will be kept confidential to authors, and also the names of authors will remain anonymous to referees. As a rule, the reviewing process should be accomplished in 2-3 months. The final acceptance of a paper for publication in the journal is based on the decision of the Editorial Board.

Template for Manuscript:

<https://www.mas.bg.ac.rs/istrazivanje/fme/start>

Submission of Papers:

Papers intended for publication in FME Transactions should be submitted to the Editor, in electronic form, to the following address:

fme-transactions@mas.bg.ac.rs

or:

Prof. Bosko Rasuo, Editor
brasuo@mas.bg.ac.rs

CONTENTS CONTINUED

	PAGE
Teodora Šukunda, Jelena Svorcan, Toni Ivanov	105
<i>Evaluation of Aerodynamic Coefficients of Supercritical Airfoil NASA sc(2) 0712: A Comparative Study of 2D and 3D Flow Models with Experimental Validations</i>	
Varun Kumar A., Shanmuga Vadivu K.R., Sathickbasha K.	113
<i>Correlation of Material Properties and Machine Learning Techniques on a TIG Cladded SS 316L Base Alloy with SS 304 Filler</i>	
Ivan Danilov, Zorana Golubović, Aleksa Milovanović, Boban Anđelković, Milovan Živković, Božica Bojović	123
<i>Temporal Changes in the Flexural Properties of 3D-printed ABS Specimens</i>	
Ljubiša B. Garić, Nikola D. Nešić	131
<i>Vibro-impact Regimes of Adamped Single-mass System with Two Fixed Stops</i>	
San L. Tolentino, Jorge Mírez	144
<i>Effect of Divergence on the Compressible Flow Patterns in Off-Design Planar Nozzles</i>	
Soufiane Farah, Smail Khalfallah, Abdelwahid Boutemedjet, Lamine Rebhi	157
<i>A Design Optimization Strategy of an Aircraft Composite Wing-Box Based on a Multi-scale FEA</i>	
Daria Vakulenko, Viktor Mileikovskiy	173
<i>The Experimental Determination of the Heat Transfer Coefficient in Thin Channels of a Regenerative Heat Exchanger</i>
